Qualities

■ Workload Manage

■ Fast Learning

Profile

Hey everyone! I'm Kavindu Harshamal, a student at the NSBM GREEN University. I recently completed a project involving multiplay game development and AR development. I also did projects related to Arduino and PCB design, and developed skills in HTML, Figma design, CSS, Java, Python, C, C#, and Unity Engine. I have a solid background in OOP concepts. Are you're looking for a internship to help with your game or AR development needs, look no further! I am the best candidate

Education

BSc Engineering Honours in Computer System Engineering   **Jul 2021 - Present**
NSBM, Homagama
•2022 – present -Year 1 semester 1 First class,Year 2 semester 1 First class

Advanced Level   **Jan 2018 - Dec 2020**
Mahanama college, Colombo
Combined Maths (A) Chemistry (C) Physics (C)

Ordinary Level   **Jan 2009 - Dec 2020**
Makandana model school, Kesbewa
• 8 A, B including Mathematics (A) Science(A)

Courses

Web development
Udemy courses

Game development
Udemy course

3D Modelling
Udemy course

Machine Learning
Udemy course

Projects

- AR appilication for OREL corporation(IOS and Android)
- Multiplay game using unity engine
- Security system for home using arduino
- Machine learning applications
